Student Conduct Programs/Student Judicial Affairs

Highlights from Self-Assessment

- The Student Judicial Affairs (SJA) team is critically understaffed and don't have adequate human and fiscal resources which makes it difficult to effectively meet the needs of the campus community and develop educational programming.
- SJA holds students accountable for their behavior and helps them understand the relevant consequences of their actions in a developmental manner.
- The SJA team works collaboratively with faculty, staff, administration to ensure conduct cases are handled and processed in a timely manner and in accordance with district policy and procedures.
- The SJA department has highly trained and knowledgeable professionals in their respective roles on the SCP team. All our current staff have advanced degrees. Our staff are evaluated regularly and understand their duties and responsibilities.
